

Downed Power Lines

If you come across a downed power line, leave the area immediately and seek help by calling 911.

If you are in a vehicle when a power line falls onto it, wait inside the vehicle until help arrives.

If you must leave the vehicle because of fire or life-threatening injury:

- Leap from the vehicle, landing on both feet.

- Do not hold onto the door while leaping.

- Once on the ground, hop away—do not run.
